

# WI-FI HOTSPOTS

FOR

YOU

# ***SATSOL offers two types of high-speed Wi-Fi Hotspots, helping you stay connected on the go.***

## **Partner Hotspots**

These Hotspots are located at premises or businesses around Honiara which choose to partner with us to distribute SATSOL wireless Internet. SATSOL installs the Hotspot and provides all equipment, administration, backend software, and Internet bandwidth required by the Hotspot FREE as part of the contract.

Partners then buy wholesale Internet vouchers from SATSOL and can resell these vouchers at competitive retail prices to their customers, give them away to high-value customers, or package them as part of their services (eg room rate, restaurant bill etc).

***Contact us today if you are interested in becoming one of our Hotspot Partners!***

## **SATSOL Hotspots**

These Hotspots are located in various public areas around Honiara (eg Henderson Airport, SATSOL Office etc) and allow you connect your Wi-Fi-enabled devices to get wireless Internet access. Just choose the period of time you require Internet, buy the appropriate voucher from our office and get connected. It only takes a few seconds. SATSOL also provides 15 minutes of trial/test access to Hotspots for FREE so you can 'feel' the high speed experience before committing.
