# Key features & terms

## 100% Coverage

JETsky covers everywhere in Solomons, so you can enjoy high speed internet wherever you are.

## Account transparency

You have full transparency of your account (speeds, data usage, transaction history etc) at any time by logging into the customer portal <https://billing.satsol.net>.

## Prepaid

JETsky plans are strictly prepaid, self-care plans with minimal additional features, which helps keep prices low. However, you have full transparency of your account (speeds, data usage, transaction history etc) at any time by logging into the customer portal.

## Fair Usage Policy

FUP prevents abuse of the network and allows all users to have fair access to high speed Internet.

The plan provides the maximum download and upload speeds of the purchased plans. The plan does not throttle these maximum possible speeds but provides two tiers of access priority to bandwidth resources.

The monthly data quoted in the plan is provided at first priority levels, and unlimited second priority download data, subject to this FUP. The plan provides first priority upload data at all time, subject to this FUP.

## Installation

Install is \$10,000SBD. Lease options are available - please ask for details.

\*Prices shown exclude sales tax
